### Skills & Expertise

#### Video Production & Editing

With 10 years experience in video production, I am an experienced editor, and have a very high proficiency with motion graphics, colour correction and audio. I also have excellent pre-production experience

#### Education & Training

Having worked as Software Trainer with Big Wave Media and a teacher in Pearse College & Griffith College video production departments, and worked with many youth and corporate groups, I have a wide range of experience teaching practical, theory and software classes.

#### Project Management & Office experience

I have worked as a co-ordinator for teams of engineers with SP Networks and ICE Broadband, I have experience meeting the requirements of customers and engineers, and ensuring work is complete in a timely fashion.

I have excellent experience as an office manager, dealing with customers, credit control, sales, administration and reporting to management

#### Additional Information

Full clean Driving Licence & Car owner  
Enjoy cycling and playing pool
